COMPREHENSIVE OWNER TRUST SERVICES

BUSINESS AVIATION TVPX Trust Services provides customized FAA owner trust services for aircraft owners, including those individuals and businesses that do not qualify as US citizens for FAA registration purposes under the FAA's complex citizenship rules. By combining the world's most experienced team of owner trust professionals with its focus on responsiveness, customized solutions and efficiency, TVPX has become one of the leading providers of FAA owner trust services to the aviation marketplace.

PRIVACY ENHANCEMENT

TVPX offers a double trust structure for clients desiring enhanced privacy.

COMMERCIAL AVIATION In addition to business aviation, TVPX provides trust services for commercial aviation participants such as airlines, lessors and lenders. TVPX's team of aviation trust professionals has extensive experience in establishing and managing all types of commercial aviation trust and agency structures including:

- Owner Trustee
- Security/Indenture Trustee
- PDP Financing
- Paying Agent
- Escrow Agent
- Collateral Agent
- Successor Trustee

US CUSTOMS BROKERAGE SERVICES TVPX is a licensed U.S. Customs Broker specializing in the importation and export of aircraft and other merchandise through U.S. Customs & Border Protection (CBP). TVPX also provides cost-effective freight forwarding services by air, ocean and ground transportation.

As the business aviation industry continues to expand globally, there are more cross border purchase and sale transactions involving U.S. aircraft. Parties importing aircraft into or exporting aircraft out of the U.S. need to comply with CBP regulations, which include filing documents timely and accurately, paying required duties and/or fees and complying with other applicable regulations. As a licensed, insured and bonded Customs Broker, TVPX will help importers and exporters manage the process efficiently. TVPX will prepare and file the required CBP documentation and collect and remit duties, taxes and fees in accordance with CBP regulations.

INTEGRATED CROSS BORDER TRANSACTION SERVICES

TVPX AVIATION INSURANCE, INC.

TVPX now offers comprehensive and flexible insurance products and services that are specifically tailored for the business aircraft market. TVPX utilizes a thorough, yet efficient process to assess and manage each client's risks. TVPX diligently collects information about the client's plans with respect to the use and operation of the aircraft. Once the client's profile has been established, TVPX offers creative solutions when needed to address an owner's special circumstances. TVPX's knowledge of the aviation insurance industry and their constructive approach to working with the various carriers allow them to quickly and efficiently guide clients to the most appropriate alternatives so they can make educated decisions about the levels and types of coverage that best fit their needs and budgets.

A client's aviation insurance needs and the coverage options available in the marketplace are continually evolving. TVPX understands that its role does not end the moment an insurance policy is bound. Rather, TVPX takes a proactive approach. By maintaining open lines of communication with clients and staying apprised of the latest developments in the insurance market, TVPX helps clients maintain the right coverage for their needs as circumstances change. When a claim is made, TVPX will work with the client and the carrier to bring about a positive outcome.

DAR SUPPORT SERVICES

TVPX is teaming up with FAA Designated Airworthiness Representatives (DARs) located strategically around the globe to offer clients an efficient way to obtain airworthiness certificates, special ferry permits and related services. TVPX makes cross-border aircraft transactions easier for our clients by integrating DAR functions with our FAA owner trust and U.S. customs brokerage services and by centralizing all contracting, billing and communications.

For DARs, TVPX's platform makes it easier for them to focus on the technical work, while TVPX manages all of the administrative responsibilities.

END TO END SOLUTIONS

TVPX's owner trust, import/export, DAR and insurance services support clients throughout the aircraft ownership life cycle, from the pre-acquisition stage to the eventual sale.
